FREE initial telephone call

A doctor-patient relationship is built on mutual trust. We fully understand that you might want to speak to Dr. Frey before committing to becoming a patient of CountryHealth.

Why not book a 15 min telephone call to find out, how we can help you? We will not be able to provide you with medical advice during this call but can establish, whether our services fit your needs – and how to best proceed.

Registration Fee £ 59

Applies to ALL new patients. This fee covers our work for putting your details from the [registration form](#) onto our practice software.

Registration Health Check with Report £ 59

To give you the best possible service we recommend that all new patients book a registration health check BEFORE seeing Dr. Frey. This Mini Health MOT includes body composition analysis, blood pressure and lung function test.

You will receive a comprehensive report, too.

Consultation Fees

Initial Consultation with Dr Frey £ 249

During your first consultation we will establish the necessary actions to investigate your health problems – or to find out what you need to do to stay well.

The consultation includes taking of your detailed medical history, review of any notes or results already available and a physical examination – if appropriate. Duration: up to 45 minutes.

Follow-up Consultation with Dr Frey £ 199

During this consultation we review your progress, discuss additional tests and finetune your treatment plan. Duration: up to 30 minutes

Telephone/Skype/WhatsApp voice call

£ 79 up to 15 min
£ 129 up to 30 min

This is NOT suitable to discuss a GI-MAP result. Please order a report instead.

A 15-min slot is useful for some clarifications on an existing report or a quick question. If you have more questions or a more complex problem, please book a 30-min slot.

Extended Thyroid Report

£ 119

Report your results for TSH, FT4, FT3, rT3, thyroid antibodies, Vitamin B9, B12, D and ferritin
You can order your blood test and private prescription separately.

In addition to the Standard Thyroid report, we analyse your vitamin and iron status.

Standard Thyroid Report

£ 69

Report your results for TSH, FT4, FT3, rT3 & thyroid antibodies
You can order your blood test and private prescription separately.

Our Thyroid Report is a comprehensive document, about 33 pages, which explains to you in more detail how your thyroid works, what all the different tests mean, how you can help yourself with lifestyle changes and supplements. We also explain the different medication and why the standard medication of Levothyroxine does not work for some patients.

Your results will be presented in an understandable format, colour coded and we also put them on a scale from -10 to +10 with -1 to +1 being the optimal range.

Food Intolerance Testing

All tests include the blood sampling and courier fees. If additional blood tests are requested, a blood testing fee is required to cover our additional work.

Results will be sent to you via email. The turnaround time is 14-21 days.

ImuPro Complete £ 549

ImuPro Vegetarian tests nearly 270 food items, such as common vegetables, fruits, cereals, dairy products and chicken egg as well as some superfoods.

You will receive 3 reports via email: The summary report, a personal nutritional guide and your “genetic” recipe book.

ImuPro Vegetarian £ 279

ImuPro Vegetarian tests the 90 most important foods, such as common vegetables, fruits, cereals, dairy products and chicken egg as well as some superfoods.

ImuPro Screen 22 £ 129

ImuPro Screen provides an individual analysis of 22 foods. It is a simple way to find out whether you may have an IgG food allergy quickly and at a reasonable price.

Currency Surcharge

The ImuPro tests are processed by a laboratory in Germany. To cover our currency exchange cost, the following surcharges apply to all ImuPro tests:

Other services

Blood tests

We offer a huge variety of blood tests for nearly every possible health problem. Most prices are advertised on our website. If you are looking for something specific, please ask us.

Our key lab partners are the Doctors Laboratory, THRIVA, MediChecks, ImuPro, Regenerus, Armin Labs and Invivo Clinical.

Blood sampling & Processing from £ 59

Monday-Thursday recommended. Included in ImuPro tests. All other blood tests require a blood sampling & processing fee to cover our additional work.

Many blood samples will need to be centrifuged and separated within one hour to ensure reliable results. Our fee includes Royal Mail Special Delivery Guaranteed® by 1pm the next day. We send you the results via email.

Adrenal Fatigue Report £ 149

Report your results for saliva cortisol and DHEA [if available]

This fee does not include the test!

Our Adrenal Report is a comprehensive document, about 40 pages, which explains to you in more detail how your adrenals works, what all the tests results mean, how you can help yourself with lifestyle changes and supplements.

GI-Map Report

£ 199

Report your results from the GI-MAP stool test from Diagnostic Solutions.

This fee does not include the test!

Our GI-Map Report is a comprehensive document, about 65 pages, which explains to you in more detail the results of your tests and gives a detailed treatment plan.

If you need a prescription, the fee is included in the report - but not the cost of medication or supplements.

GI-MAP™ Interpretive Guide

£ 49

Analyse your results from the GI-MAP stool test from Diagnostic Solutions.

This fee does not include the test!

Understanding the report provided with the test can be very daunting. We have compiled an Interpretive Guide to help you with this. It does not contain personal recommendations on how to treat any imbalances or infections. This can be ordered separately.

Once ordered, you can find the download link in your email confirmation.
